Friendly Reminder

Mulch is Flammable: Cummings Properties experiences dozens of mulch fires every summer, primarily due to improperly discarded cigarettes. Although these fires have been successfully contained so far, they could quickly spread to buildings and vehicles, causing needless damage and possible injury. Please never toss cigarette butts into landscaped areas. Bark mulch is flammable, as shown in [this video clip](#) of an actual fire on a Cummings Properties campus.

Cummings Properties' offices will be closed **Monday, May 28**, in recognition of **Memorial Day**.

After a Decade

Celebrating clients that have been at Cummings Center for more than 10 years

[The Center for Exceptional Dentistry](#) was previously located in Salem for 18 years. That site, however, did not allow the practice to grow as quickly as its owner, Dr. Benjamin Polan, had hoped, which led him to begin his search for space.

The convenient commute, amenity-rich location, and well-manicured property made Cummings Center an obvious choice. "Compared to our old office, Cummings Center is a destination. It is so well known," said Dr. Polan.

The Center for Exceptional Dentistry relocated in 1999, during Cummings Center's early years. "Moving at that time allowed us to secure a great spot at 100 Cummings Center," Dr. Polan explained. "We hired an architect and designed the office from top to bottom." As the only doctor at the practice, Dr. Polan spends a substantial number of hours in the office, and he wanted to customize it to his liking.

Dr. Polan and his three-person staff work together to provide general, restorative, and cosmetic dentistry, as well as Invisalign and dental sleep medicine. Dr. Polan is the only dentist on the North Shore, and one of only five in Massachusetts, who provides dental sleep medicine. During the last five years, he has also worked at Children's Dental Center in Gloucester, which provides dental care to underprivileged youth.

"Cummings Center is known for offering a wide range of healthcare specialties, and we are so pleased that Dr. Polan and his team are part of the thriving medical community on campus. We hope to keep their smiling faces here for many more years," said Cummings Properties account manager Jessica Palm, pictured above with Dr. Polan.
